DECISION REPORT
3RD JULY 2017
REPORT OF CHIEF CONSTABLE

EXTENSION TO CAR PARKING AT ILKESTON PFI POLICE STATION

1. **PURPOSE OF THE REPORT**

- 1.1 To seek approval from the Police and Crime Commissioner to commit funding within the Capital Programme for car parking works at Ilkeston PFI Police Station.

2. **INFORMATION AND ANALYSIS**

- 2.1 Changes to the Policing Model introduced last November required that LPU/Response Officers would be based at Ilkeston Police Station.
- 2.2 To enable this to take place, there was a need to provide additional car parking to accommodate an increased number of operational vehicles at this site.
- 2.3 Ilkeston Police Station is a PFI building and therefore any changes to it require considerable negotiation with the owners as well as planning approval.
- 2.4 As a temporary measure this meant that the policing teams have been located at Long Eaton Police Station. A post implementation review has shown that this is not ideal and is causing problems in terms of managing demand within the new policing model.
- 2.5 Planning consent for this scheme has now been granted and a quote of some £150,000 has been received from the PFI provider to carry out the following works;

- construction works
- a new barrier
- cctv
- lighting
- borer access control

Financial

2.6 It is proposed that £150,000 is set aside within the Capital Programme for these works.

2.7 This will be funded from an existing general premises fund allocation within the Capital Programme of some £1.297m

3. **RECOMMENDATIONS**

3.1 That the Commissioner agrees to the allocation of a budget of £150,000 for car parking works at Ilkeston Police Station.
