

Dena Trossell

Strategic Head of Service

Derbyshire Domestic Violence and Sexual Abuse
Service

Prevention better than cure?

What does prevention, cure and any intervention mean for victims and perpetrators of domestic violence and abuse

And what does it mean to us?

In our discussions today

- What does prevention mean for our all of our service users, victims, families, perpetrators?
- What does cure mean for them?
- How does what we do impact on the victim, the families and the perpetrators?
- Do we know what works well?
- Do we think about our services and what we need to do in a victim focused way and should we?
