Coercive control

Facilitated by Cheryl Henry-Leach

1. Coercive control is by definition a challenging concept, what steps require undertaking to ensure victims of coercive control are fully recognised and supported?
2. How will coercive control be recognised by agencies and will policies processes require amendment?
3. What does that mean for practitioners and commissioners?

Preventative measures, the role of Health & Education

Facilitated by Tony Blockley

1. Is there a commitment to the prevention of DV/DA and what does this look like
2. Are the current funding and commissioning arrangements suitable to recognise the importance of prevention
3. How can we develop preventative measures and recognise their importance in breaking the cycle of abuse

Care Act

Facilitated by Mary Bosworth

1. Is the Care Act recognised within DV/DA services or is DV/DA a safeguarding issue
2. What impact will the Care Act have on practitioners and organisations and how can we prepare for the change
3. What do commissioners need to consider when realigning services within the remit of the Care Act

NoOffence!

Hard to reach groups

(Including same-sex domestic violence & abuse and male victims of domestic violence & abuse)

Facilitated by Dena Trossell

1. Is the current service provision suitable for hard to reach groups (Race, religion, ethnicity, social)
2. How can practitioners ensure we are able to meet the needs of hard to reach groups and what will this mean for service Providers
3. What do commissioners need to consider within this area of service
