OVERVIEW

Police ICT (PICT) Company, acting on behalf of all UK Police Forces, entered into a contract via the Crown Commercial Services RM3733 Technology Products Framework following a further competition against lot 2. All Forces are then able to call off from PICT to provide their required volume of licences. This approach has meant that VMWare have one point of billing within the UK, thus they were able to offer 30% savings for annual support and provide price protection for the term of the contract (3 years), expected to be 15%.
