DECISION RECORD**

Request for PCC Decision	Received in OPCC Date: APRIL 2017	OPCC Ref: 66/2019
---------------------------------	--	--------------------------

**RECOMMENDATION TO AWARD CONTRACT FOR THE PROVISION OF AN
OPEN SOURCE INTERNET RESOURCE SOLUTION**

Executive Summary:

Derbyshire Constabulary have assessed the current capabilities in force with regards to open source research. It has been identified that there is a need to increase this capability and capacity across the organisation in response to the increasing requirement to secure digital evidence. There is also a need to ensure that a robust audit facility is available for those conducting research, to ensure compliance with legislation. It is also vital that the proposed solution will support covert investigations and that the integrity of tactics used by investigators is maintained.

This further competition was conducted under the EU Open Procedure. 58 suppliers submitted expressions of interest. 4 suppliers submitted a bid.

Decision

To award the contract to Internet Investigation Solutions Limited for the initial contract period of 2 years from Go Live (currently estimated December 2018), with the option to extend for a further 2 years in annual increments, for the total contract value of £174,770.00.
