## DECISION RECORD

<b>Request for PCC Decision</b>	<b>Received in OPCC Date: November 2021</b>	<b>OPCC Ref: DN74-21</b>

Airwave Radios, Batteries and Peripherals

In order to maintain the estate of radios to allow for the replacement of terminals as they become end of life, it is the intention to take advantage of the current reduced price offer from our airwave radio supplier, Sepura Ltd, to purchase 900 radios with batteries and associated accessories.

The Police Digital Services National Airwave Terminal Framework Agreement is a compliant route to procure these goods from Sepura Ltd via Direct Award. The Framework started on 15th November 2018

The price drop incentive is valid until 31st December 2021 and offers savings of £136,200 over the standard list pricing (£11,000 of this is credit applied under the buyback scheme of £50 per radio for 220 radios). The total cost of the purchase after deduction of the credit will be £387,410.

This offer is subject to an order being placed before the end of December 2021.

Delivery of the radios will be before June 2022 with half of our requirement delivered by April 2022, in the current financial year.
