EMSOU Fridge, Freezer, and Support and Maintenance

EMSOU requires a new fridge and a new freezer as well as servicing and maintenance over the next two years to keep the freezers calibrated. This is due to EMSOU-FS moving on to the new External Forensics Contract from April 2026 and the logistics with the new ways of working. The servicing will consist of one planned preventative maintenance visit per annum, ensuring the equipment remains in optimal working condition, minimising operational disruption, and supporting continued compliance with UKAS accreditation standards. A compliant route to market has been identified via the NHS Design, Furniture and Appliances SBS10246 Framework, which permits a Direct Award to Labcold for this requirement. The contract will be in place for 2 years, and the contract value is £7,864.48. The Fridge and Freezer cost is £6,692.48 and the ongoing servicing and maintenance is £586 per year.
