01/06/2021

Dear,

FOI 22/2021

I write in connection with your request for information processed under the Freedom of Information Act 2000 and received in the Office of the Police and Crime Commissioner for Derbyshire on 17 May 2021.

In answer to your request please see the following:

- Pandemic Survey June/July 2020 (see PDF attachment for details and results of the survey undertaken)
- Listening To You (L2U) 2018/19 (see PDF attachment L2U 2018-19 for details of the survey undertaken)
- Listening To You (L2U) 2019/20 (see PDF attachment L2U 2019-20 for details of the survey undertaken). Results are also on our website [here](#)
- Listening To You (L2U) 2020/21 results (covers Apr 2020-Mar 2021) are currently being prepared and will be available on our website once completed. This is likely to be sometime in July 2021.

If you are not satisfied with our response to your request, under Section 17 of the FOIA of the FOIA you are entitled to ask for an internal review of our decision. Any internal review needs to be submitted within two months of the date of receipt of this response and state why you are unhappy with the response. You can submit an internal review in the following ways:

- * emailing the OPCC Inbox –
PCCOffice@Derbyshire.PNN.Police.UK or;
- * writing to the OPCC at –
The Office of the Police and Crime Commissioner for Derbyshire
Butterley Hall
Ripley
Derbyshire
DE5 3RS
By phone – 0300 122 6000 (as a reasonable adjustment under the Equality Act 2010).

If you are not satisfied with the outcome of the internal review under Section 50 of the FOIA you can apply directly to the Information Commissioner (ICO) for a decision. Generally, the ICO cannot make a decision unless you have exhausted the internal review procedure provided by the OPCC. You can contact the ICO in the following ways:

- * online at the ICO –
<https://ico.org.uk/global/contact-us/> or;
- * writing to the ICO at –
Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

Yours sincerely

A handwritten signature in black ink, appearing to read 'Marie Romano', with a stylized flourish at the end.

Marie Romano
Head of Compliance
On behalf of the Police and Crime Commissioner

Pandemic Survey (June/July 2020)

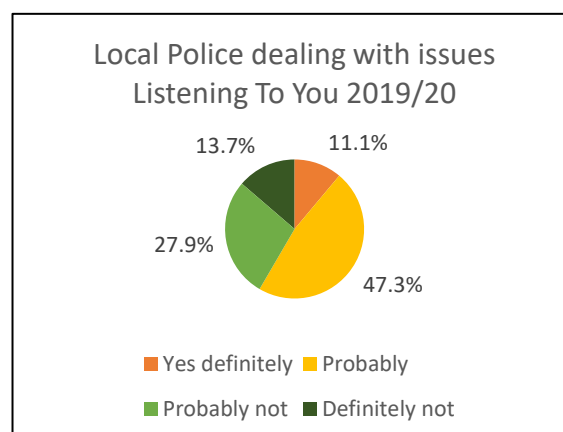

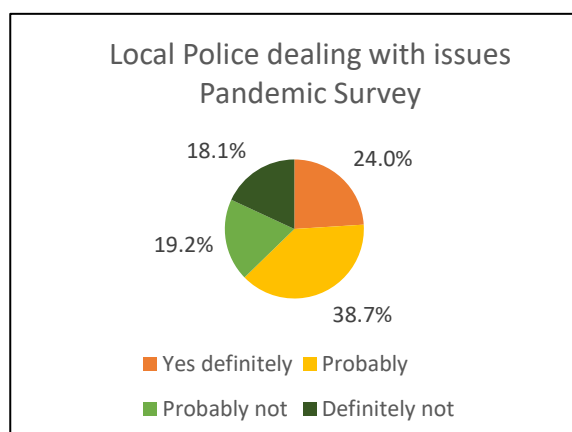

- This survey was undertaken during the first lockdown period in June/July 2020 to provide a snapshot of public views
- The survey was solely promoted online, and the majority of responses came from either as a result of an email sent out through the Derbyshire Alert messaging system or from posts on various Facebook groups within Derbyshire, including “Spotted” groups and other local interest groups. A total of 880 responses were received.
- Due to the limited reach of this survey, the profile of respondents is not representative of Derbyshire residents and therefore results should be treated with caution.
- Almost two-thirds of respondents (63%) felt that their local police were dealing with issues, and more than half of respondents (52%) felt that Derbyshire Police were doing an excellent or good job.
- The questions about how various crime types and antisocial behaviour had changed during lockdown showed that public perception did not always correspond to actual recorded crime and antisocial behaviour levels.

Results

Results for each question are based on valid answers only – i.e. “Don’t know/don’t wish to say”, “Prefer not to say” and blank answers have been excluded.

Q1: Do you think that your local police are dealing with issues that matter to your community since the lockdown? (829 responses)

| | Yes definitely | Probably | Probably not | Definitely not |
|------------------------|----------------|----------|--------------|----------------|
| All Respondents | 24.0% | 38.7% | 19.2% | 18.1% |
| Derbyshire Alert (551) | 28.3% | 43.6% | 15.6% | 12.5% |
| Facebook group (219) | 17.8% | 28.3% | 26.5% | 27.4% |
| L2U 2019/20 online | 11.1% | 47.3% | 27.9% | 13.7% |

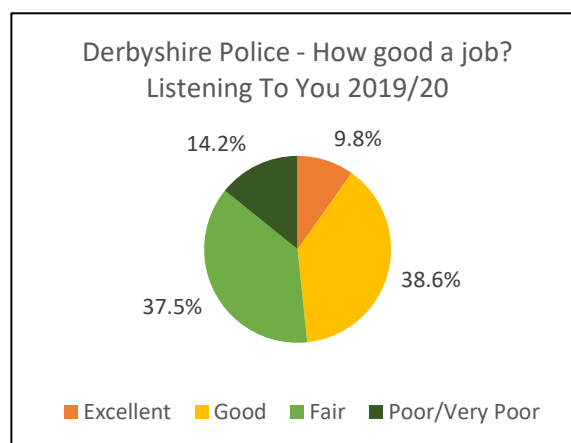

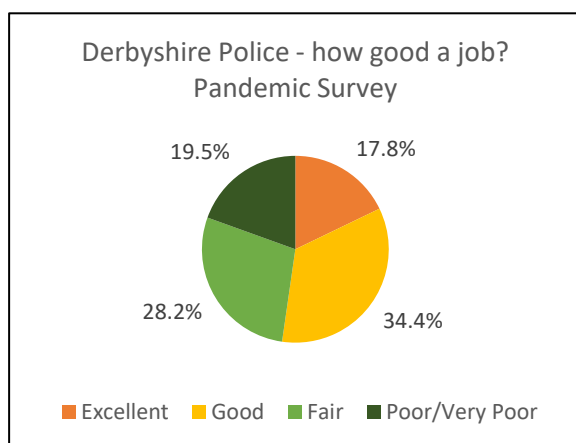

The charts above compare the results of this Pandemic Survey with the results of the Commissioner’s rolling public survey “Listening To You” (L2U) from 2019/20. This shows that, for this Pandemic Survey, respondents tended more towards the definite answers.

Approximately one and half times as many respondents for the Pandemic Survey (compared to the “Listening To You” survey) said that their local Police were definitely not dealing with issues. For those who said that their local Police definitely were dealing with issues, this difference was more than twice as much as the “Listening To You”.

The share of respondents saying that their local Police were dealing with local issues was 62.7% compared to 58.4% for “Listening To You”.

Q2: How good a job do you think Derbyshire Police are doing responding to the coronavirus pandemic? (790 responses)

| | Excellent | Good | Fair | Poor/ Very poor |
|------------------------|-----------|-------|-------|--------------------|
| All Respondents | 17.8% | 34.4% | 28.2% | 19.5% |
| Derbyshire Alert (527) | 19.9% | 40.6% | 25.4% | 14.0% |
| Facebook group (208) | 15.9% | 23.1% | 32.2% | 29.8% |
| L2U 2019/20 online | 9.8% | 38.6% | 37.5% | 14.2% |

Again, when comparing the results of this Pandemic Survey with “Listening To You”, the Pandemic Survey respondents tended more towards the top and bottom answers, with almost twice as many respondents in this Pandemic Survey compared to the “Listening To You” survey saying that Derbyshire Police were doing an excellent job.

The share of respondents saying Derbyshire Police were doing an excellent or good job was 52.3% compared to 48.4% for “Listening To You”.

Q3: Do you think the following crimes/antisocial behaviour have increased or decreased since the lockdown...

The charts below show the responses for each crime / antisocial behaviour type, plus the actual difference compared to 2019. Crime and antisocial behaviour levels have been compared to the same period in the previous year to account for seasonal trends.

Responses have been colour-coded so the largest proportions of answers are shaded red, then through orange and yellow, to the lowest proportions of answers which are shaded green.

The charts show that for Domestic Abuse, and 'Nuisance' and 'Environmental' antisocial behaviour, respondents were aware of the changes in numbers of recorded crimes/ incidents during lockdown. However, for the other crime types and for 'Personal' antisocial behaviour, public perception – which is often influenced by national news and social media – did not match actual levels of recorded crime and antisocial behaviour.

a) Burglary? (709 responses)

| | Increased a lot | Increased a little | Stayed the same | Decreased a little | Decreased a lot |
|---|-----------------|--------------------|-----------------|--------------------|----------------------|
| All Respondents | 12.6% | 26.9% | 18.9% | 23.3% | 18.3% |
| Derbyshire Alert (473) | 10.8% | 23.9% | 18.8% | 26.0% | 20.5% |
| Facebook group (185) | 16.2% | 31.9% | 19.5% | 17.3% | 15.1% |
| Actual Apr-Jun 2020 compared to Apr-Jun 2019 | | | | | Decrease -48% |

b) Vehicle Crime? (717 responses)

| | Increased a lot | Increased a little | Stayed the same | Decreased a little | Decreased a lot |
|---|-----------------|--------------------|-----------------|--------------------|------------------------|
| All Respondents | 17.4% | 32.1% | 22.5% | 19.1% | 8.9% |
| Derbyshire Alert (480) | 14.0% | 31.5% | 22.1% | 22.5% | 10.0% |
| Facebook group (185) | 24.3% | 34.6% | 23.2% | 10.3% | 7.6% |
| Actual Apr-Jun 2020 compared to Apr-Jun 2019 | | | | | Decrease -28.4% |

c) **Mugging/Robbery?** (618 responses)

| | Increased a lot | Increased a little | Stayed the same | Decreased a little | Decreased a lot |
|---|-----------------|--------------------|-----------------|--------------------|------------------------|
| All Respondents | 5.8% | 19.1% | 28.6% | 28.0% | 18.4% |
| Derbyshire Alert (424) | 4.2% | 17.2% | 26.2% | 32.8% | 19.6% |
| Facebook group (152) | 9.2% | 25.0% | 33.6% | 15.1% | 17.1% |
| Actual Apr-Jun 2020 compared to Apr-Jun 2019 | | | | | Decrease -35.0% |

d) **Domestic Abuse?** (694 responses)

| | Increased a lot | Increased a little | Stayed the same | Decreased a little | Decreased a lot |
|---|------------------------|--------------------|-----------------|--------------------|-----------------|
| All Respondents | 57.8% | 36.0% | 4.5% | 1.2% | 0.6% |
| Derbyshire Alert (470) | 55.7% | 37.7% | 4.5% | 1.7% | 0.4% |
| Facebook group (180) | 61.1% | 32.2% | 5.6% | 0.0% | 1.1% |
| Actual Apr-Jun 2020 compared to Apr-Jun 2019 | Increase +39.6% | | | | |

e) **Fraud?** (736 responses)

| | Increased a lot | Increased a little | Stayed the same | Decreased a little | Decreased a lot |
|---|-----------------|--------------------|-------------------|--------------------|-----------------|
| All Respondents | 49.7% | 35.6% | 13.0% | 1.5% | 0.1% |
| Derbyshire Alert (503) | 48.3% | 37.4% | 12.5% | 1.8% | 0.0% |
| Facebook group (183) | 51.4% | 33.3% | 14.2% | 0.5% | 0.5% |
| Actual Apr-Jun 2020 compared to Apr-Jun 2019 | | | No change* | | |

* The Crime Survey for England & Wales (CSEW) estimates for Fraud showed no significant change for Apr-Jun 2019 compared with Apr-Jun 2020.

f) **General Antisocial Behaviour, e.g. nuisance groups, noise, drinking/drug taking in public places?** (827 responses)

| | Increased a lot | Increased a little | Stayed the same | Decreased a little | Decreased a lot |
|---|--------------------------|--------------------|-----------------|--------------------|-----------------|
| All Respondents | 38.6% | 25.6% | 13.7% | 13.2% | 8.9% |
| Derbyshire Alert (545) | 30.5% | 25.5% | 16.1% | 16.3% | 11.6% |
| Facebook group (223) | 55.2% | 24.7% | 8.5% | 7.2% | 4.5% |
| Actual Apr-Jun 2020 compared to Apr-Jun 2019 | Increase +113.5%* | | | | |

* Note: this category of 'Nuisance' antisocial behaviour includes the large number of calls to the police regarding perceived Covid regulations breaches or related concerns.

g) **Antisocial Behaviour directed at a specific person or household?** (570 responses)

| | Increased a lot | Increased a little | Stayed the same | Decreased a little | Decreased a lot |
|---|-----------------|--------------------|-----------------|--------------------|------------------------|
| All Respondents | 17.5% | 28.8% | 37.0% | 12.3% | 4.4% |
| Derbyshire Alert (382) | 11.8% | 30.4% | 38.2% | 15.2% | 4.5% |
| Facebook group (148) | 27.0% | 24.3% | 36.5% | 7.4% | 4.7% |
| Actual Apr-Jun 2020 compared to Apr-Jun 2019 | | | | | Decrease -27.8% |

h) **Environmental Antisocial Behaviour, e.g. litter, fly-tipping?** (849 responses)

| | Increased a lot | Increased a little | Stayed the same | Decreased a little | Decreased a lot |
|---|-------------------------|--------------------|-----------------|--------------------|-----------------|
| All Respondents | 68.3% | 23.7% | 4.4% | 2.4% | 1.3% |
| Derbyshire Alert (567) | 63.3% | 27.2% | 5.5% | 2.8% | 1.2% |
| Facebook group (222) | 79.3% | 15.8% | 1.8% | 1.4% | 1.8% |
| Actual Apr-Jun 2020 compared to Apr-Jun 2019 | Increase +478.6% | | | | |

Demographics of Respondents

Postcode – Local Authority Area

| Q14. Do you consider yourself to have a disability? | 30 |

Introduction

Police and Crime Commissioners have a statutory duty to consult with the public and ensure public opinion helps steer service reform.

With the advent of the new Commissioner in 2016, it was decided that a general consultation programme will be carried out throughout the year on a rolling programme. This will enable us to incorporate seasonal events, campaigns and current issues as part of the programme. It will also enable us to gauge long term trends and opinions. Many of these questions in the survey have been lifted from the Crime Survey for England & Wales (CSEW).

There is a particular emphasis in the “Listening to You” questionnaire on public safety and gauging public views and concerns. Both the current financial climate and changing trends in crime have impacted on the way that police resources need to be allocated to ensure that the most serious risks and threats are addressed as a priority.

The results of this survey help to give both the Commissioner and the Chief Constable a better understanding of the concerns of people within our communities and to ensure that we are listening and able to continue to deliver the best service we can.

As with previous surveys, the data gathered through the Listening To You 2018-19 survey will be used by the Office of the Police & Crime Commissioner to help understand the views and concerns of various sections of the community. The results will also be shared with Derbyshire Police, Community Safety Partnerships and other partners to inform services for residents across Derbyshire.

Conducting the survey

Between April 2018 and March 2019, a total of 22 events were held across Derby and Derbyshire in all local authority areas. These included events at market towns, supermarkets (including Pak Foods), hospitals, colleges, University of Derby campuses both in and out of Derby, local businesses and at a Disability Direct event. Some events were weekend events, e.g. Derby Caribbean Carnival, Brailsford Ploughing Match, Chatsworth County Fair, Derby Pride and Chesterfield Pride to ensure the engagement programme reached as representative sample as possible of Derbyshire residents.

The events were supported by staff from the Office of the Police & Crime Commissioner (OPCC), and also Safer Neighbourhood Team officers and Rural Crime Team officers, working alongside colleagues from Derbyshire Fire & Rescue Service and other partner agencies.

Events were often linked with specific ongoing campaigns, i.e. the work of the Rural Crime Team and raising awareness of Hate Crime. The events calendar was regularly advertised by the Digital Engagement Officer on the OPCC website, Facebook, Twitter and Derbyshire Alert.

In addition, the questionnaire was available to be completed online via the Commissioner's website and this was extensively promoted to help reach a wide variety of age groups. Care was taken to ensure that the profile of respondents matched the profile of Derbyshire residents as far as possible. A total of 4,897 questionnaires were completed – 916 face to face at events, and 3,981 online.

Commentary and Main Points

A total of 4,897 questionnaires were completed. The profile of respondents is broadly representative of the population of Derbyshire with regard to gender, age, residential location, ethnicity, and sexual orientation. However, to ensure that valid comparisons can be made across the different demographics, and that results can be directly compared to past and future survey results, answers have been weighted by gender, age group and home local authority in line with the Census 2011 profile of Derbyshire.

Surveys were completed by residents from across the whole of Derbyshire, with over 300 respondents from each of the nine local authority areas.

Results calculations for each question are generally based on answers where the respondent has expressed an opinion only, i.e. “Don’t know”, “Prefer not to say” and blank answers have been excluded unless specified.

Results have been broken down to show the answers from both collection methods – face to face and via the website. For some questions, there is little difference; however, for other answers, there is a noticeable difference between the two methods. Respondents who completed the survey face to face tend to say that they:

- are less worried about being a victim of property theft;
- are much more satisfied with the work the police are doing; and
- are less aware of the PCC’s role and name.

Particular issues of note from individual questions are as follows:

Questions 2 & 3. How safe do you feel walking alone in your local area during the day and after dark? Results show that 87% of people feel either very safe or fairly safe walking alone in their local area during the day, with this falling to 50% feeling safe walking alone after dark. This is similar to previous years. Results for feeling safe during the day are all fairly similar to each other throughout the various demographics, but there is much more variance for feeling safe after dark.

In comparison, CSEW results for the 12 months to the end of March 2019 show 78% of persons nationally felt safe when walking alone after dark (males 88%, females 69%), which may suggest that people in Derbyshire have a higher than average fear of crime.

Listening To You... 2018-2019

Females, persons identifying as Gay, Lesbian, Bisexual or Other sexuality [LGBO] and those who consider themselves to have a disability were less likely to say they felt safe walking alone after dark.

Question 4. How worried are you about being a victim of the following types of crime? The proportion of people being very or fairly worried about the various crime types were generally similar to last year. Middle-aged respondents (30-59 yrs) tended to be more concerned about the property crimes (burglary, robbery, car crime) than those respondents who were younger or older. The fear of being a victim of fraud increased with age. Being caught up in a terrorist attack was the only issue where young people under 18 yrs were more worried than older people – however, worry about this has decreased by several percentage points across all groups compared to last year. Those who consider themselves disabled were considerably more worried than average about being a victim of crime.

There does appear to be a higher fear of property crime in Derbyshire compared to the country as a whole – the Listening To You survey 2018-19 has 19.4% of respondents being very worried about burglary and 21.3% of respondents being very worried about car crime, compared to the CSEW national figures for the 12 months to the end of March 2019 of 9.8% and 6.7%.

Question 5. If you have been a victim of an online crime in the past 12 months, who did you report it to? Have you seen the “Get Safe Online” website? Data was collected for part of the year on behalf of the Derbyshire Cybercrime and Online Safety Partnership.

Question 6. Do you think that your local police are dealing with the issues that matter to your community? More than half (56%) of respondents did feel that their local police are dealing with the issues in the community, with residents of all areas of Derby the most likely to agree (65%). Responses show a marked difference between those who completed the survey face to face and those who completed it online.

Question 7. Taking everything into account how good a job do you think the Derbyshire police are doing? The proportion of respondents (47%) who feel that the Police are doing an excellent or good job is similar to last year. Residents from urban areas tended to be slightly more satisfied than residents from rural areas.

Listening To You... 2018-2019

Responses show a marked difference between those who completed the survey face to face and those who completed it online. The overall result is also slightly lower than the CSEW figure for Derbyshire for the 12 months ending March 2019 where 52% of people think the police do an excellent or good job.

Questions 8 & 9. Before completing this survey, were you aware of Police & Crime Commissioners? Do you know the name of your Police & Crime Commissioner? As may be expected, knowledge of the role of Police & Crime Commissioner and the name of the Derbyshire Police & Crime Commissioner increases with the age of the respondent. The overall level of responses, 72% for awareness of the role and 38% for the name of the Commissioner, have remained around the same levels as last year, although there has been an increase from surveys in earlier years when the role was relatively new.

Results

Q1. Please enter your postcode

Base: All Responses

| | Number of questionnaires Listening To You 2018-19 (unweighted base) | Responses per 1,000 population |
|------------------------|---|-----------------------------------|
| All Respondents | 4,897 | 4.81 |
| Amber Valley | 611 | 5.00 |
| Bolsover | 571 | 7.53 |
| Chesterfield | 342 | 3.30 |
| City of Derby | 766 | 3.08 |
| Derbyshire Dales | 499 | 7.02 |
| Erewash | 521 | 4.65 |
| High Peak | 717 | 7.89 |
| North East Derbyshire | 485 | 4.90 |
| South Derbyshire | 373 | 3.94 |
| Blank/unable to place | 12 | |

Responses have been weighted by gender, age group and home local authority in line with the Census 2011 profile of Derbyshire to ensure that the results reflect the demographics of the Derbyshire population, and so that comparisons can be made across different demographic groups and with previous/future results.

Listening To You... 2018-2019: Community Safety Partnership Areas

Q2. How safe do you feel walking alone in your local area during the day?

Base: 4,879 Responses

| | Very safe | Fairly safe | A bit unsafe | Very unsafe | Total: Safe | Total: Unsafe |
|-----------------------------|--------------|--------------|--------------|-------------|--------------|---------------|
| All Respondents | 44.3% | 42.7% | 9.6% | 3.5% | 87.0% | 13.0% |

Introduction

Police and Crime Commissioners have a statutory duty to consult with the public and ensure public opinion helps steer service reform.

With the advent of the new Commissioner in 2016, it was decided that a general consultation programme will be carried out throughout the year on a rolling basis. This will enable us to incorporate seasonal events, campaigns and current issues as part of the programme. It will also enable us to gauge long term trends and opinions. Many of these questions in the survey have been lifted from the Crime Survey for England & Wales (CSEW).

There is a particular emphasis in the “Listening To You” questionnaire on public safety and gauging public views and concerns. Both the current financial climate and changing trends in crime have impacted on the way that police resources need to be allocated to ensure that the most serious risks and threats are addressed as a priority.

The results of this survey help to give both the Commissioner and the Chief Constable a better understanding of the concerns of people within our communities and to ensure that we are listening and able to continue to deliver the best service we can.

As with previous surveys, the data gathered through the Listening To You 2019-2020 survey will be used by the Office of the Police & Crime Commissioner to help understand the views and concerns of various sections of the community. The results will also be shared with Derbyshire Police, Community Safety Partnerships and other partners to inform services for residents across Derbyshire.

Conducting the survey

Between April 2019 and March 2020, a series of engagement events were held across Derby and Derbyshire in all local authority areas to ask members of the public to complete the Listening To You survey. These included events at market towns, supermarkets, hospitals, libraries, colleges, University of Derby campuses both in and out of Derby, local businesses and at a Disability Direct event.

Staff from the Office of the Police & Crime Commissioner (OPCC) were often supported by other colleagues at these events, e.g. Safer Neighbourhood Team officers, Derbyshire Fire & Rescue Service and other partner agencies. The events calendar was regularly advertised by the Digital Engagement Officer on the Commissioner's website, Facebook, Twitter and Derbyshire Alert.

Staff from the Commissioner's Office also attended scheduled events, e.g. the Ashover Show, World Elder Day at Buxton and the Festival of Leisure at Swadlincote - to ensure the engagement programme reached as representative sample as possible of Derbyshire residents.

In addition, the questionnaire was available to be completed online via the Commissioner's website and this was extensively promoted to help reach a wide variety of age groups. Care was taken to ensure that the profile of respondents matched the profile of Derbyshire residents as far as possible. A total of 2,856 questionnaires were completed – 612 face to face at events, and 2,244 online.

Commentary and Main Points

A total of 2,856 questionnaires were completed, which equates to approximately 1 in every 360 people living in the Derbyshire Police force area having completed a survey during this 12-month period. The profile of respondents is broadly representative of the population of Derbyshire with regard to gender, age, residential location, ethnicity, and sexual orientation. However, to ensure that valid comparisons can be made across the different demographics, and that results can be directly compared to past and future survey results, answers have been weighted by gender, age group and home local authority in line with the Census 2011 profile of Derbyshire.

Surveys were completed by residents from across the whole of Derby and Derbyshire, with over 200 respondents from each of the nine local authority areas.

Results calculations for each question are generally based on answers where the respondent has expressed an opinion only, i.e. "Don't know", "Prefer not to say" and blank answers have been excluded unless specified.

Results have been broken down to show the answers from both collection methods – face to face and via the website. For some questions, there is little difference; however, for other answers, there is a noticeable difference between the two methods. Respondents who completed the survey face to face tend to say that they:

- feel safer walking alone after dark
- are less worried about being a victim of property theft;
- are more satisfied with the work the police are doing; and
- are less aware of the PCC's role and name.

Particular issues of note from individual questions are as follows:

Questions 2 & 3. How safe do you feel walking alone in your local area during the day and after dark? Results show that almost 90% of people feel either very safe or fairly safe walking alone in their local area during the day, with this falling to 58% feeling safe walking alone after dark. This is similar to previous years. Results for feeling safe during the day are all fairly similar to each other throughout the various demographics, but there is considerable variance for feeling safe after dark.

Listening To You... 2019-2020

In comparison, CSEW results for the 12 months to the end of March 2019 show 78% of persons nationally felt safe when walking alone after dark (males 88%, females 69%), which may suggest that people in Derbyshire have a higher than average fear of crime.

Females, persons identifying as Gay, Lesbian, Bisexual or Other sexuality [LGBO] and those who consider themselves to have a disability were the least likely to say they felt safe walking alone after dark.

Question 4. How worried are you about being a victim of the following types of crime? The proportion of people being very or fairly worried about property crimes (burglary, robbery, car crime) have all fallen compared to last year. Younger people (under 25 years) were less worried than middle aged and older respondents.

There does appear to be a higher fear of property crime in Derbyshire compared to the country as a whole – the Listening To You survey 2019-20 has 13.1% of respondents being very worried about burglary and 15.3% of respondents being very worried about car crime, compared to the CSEW national figures for the 12 months to the end of March 2019 of 9.8% and 6.7%.

Being caught up in a terrorist attack was the only issue where young people under 18 years were more worried than older people. People from an ethnic minority background, residents of Derby and those who consider themselves disabled were the most worried about this issue. However, overall levels of worry about a terror attack have decreased by around a third (29% to 19%) since 2017/18.

The fear of being a victim of fraud increased considerably with age, and overall levels of worry about fraud show an upward trend over the past couple of years – in contrast to worry about the other crime types which has decreased.

Those who consider themselves disabled were considerably more worried than average about being a victim for all five of the crimes asked about in the survey.

Question 5. In Derbyshire we have a dedicated website to provide a 'one stop shop' of help and support for victims of crime and antisocial behaviour? Are you aware of the CORE website? Around 1 in 10 respondents said they were aware of the website, although there was some variance across the different demographics.

Listening To You... 2019-2020

Question 6. Do you think that your local police are dealing with the issues that matter to your community? More than three in five (63%) respondents did feel that their local police are dealing with the issues in the community, an increase from last year (56%). Respondents aged 25-29 years, those from an ethnic minority background, and residents of Derby were the most likely to agree (73-75%). Responses show some difference between those who completed the survey face to face and those who completed it online.

Question 7. Taking everything into account how good a job do you think the Derbyshire police are doing? The proportion of respondents (54%) who feel that Derbyshire police are doing an excellent or good job has risen since last year (47%).

Responses show a marked difference between those who completed the survey face to face and those who completed it online. The overall result is similar to the CSEW figure for Derbyshire for the 12 months ending March 2019 where 52% of people think the police do an excellent or good job.

Questions 8 & 9. Before completing this survey, were you aware of Police & Crime Commissioners? Do you know the name of your Police & Crime Commissioner? As may be expected, knowledge of the role of Police & Crime Commissioner and the name of the Derbyshire Police & Crime Commissioner increases with the age of the respondent. The overall level of responses, 69% for awareness of the role and 33% for the name of the Commissioner, are similar to previous years.
